LEARNING BENEFITS

The **YMCA Playing to Learn** curriculum is used at all YMCA Calgary Child Development Centres. This curriculum maximizes children's learning through actively engaging children throughout the day in developmentally appropriate small group, play-based experiences. Activities encompass all developmental areas and support children with school readiness and to become life-long learners. Program options include onsite enhancement activities and field trips for older children.

SOCIAL BENEFITS

Positive, caring relationships form the foundation for all that occurs within the YMCA childcare setting. Children learn about YMCA Calgary's four core values of honesty, caring, respect and responsibility. They practice behaviours which support social skill development, emotional competence and community engagement.

HEALTH BENEFITS

- Dedicated outdoor play area
- Indoor group activity spaces
- Recreation swim time at the Remington YMCA

All children registered in YMCA Child Development Centres receive a complimentary YMCA Calgary Child Membership. This membership provides access to YMCA facilities and registered program discounts.
