This exciting course combines leadership with horsemanship. Students will earn three Alberta High School credits for completing this experiential education program. Equine Leadership 15 is an engaging and dynamic opportunity for students to learn more about themselves, equine practices, the Alberta landscape and ecology, local history through applied horsemanship skills and riding, leadership skill development and team building.

This four-day program provides students with practical learning opportunities in horsemanship and riding skills, horse behaviour and herd dynamics, equine care practices, safety awareness and hazard mitigation, ethics and ecological impact of Leave No Trace, and the historical significance of horses in the Canadian Rockies.
