

YAMNUSKA 10-13Y – HECTOR LODGE

AGE GROUPS

10-11Y

12-13Y

All campers enrolled in the 6-day Yamnuska program focus on exploring the outdoors, making new friends and learning about teamwork while they have adventures that help them make connections with the natural world.

WHAT TO EXPECT

- Yamnuska campers will live in tipis near Hector Lodge for the duration of their 6-day program. Most of their program areas are a short walk from the tipis.
- A wide variety of activities will be scheduled during their stay at camp. These in-camp activities include archery, waterfront canoeing, animal game, climbing, arts and crafts, campfire, games and high ropes.
- Experienced, qualified and friendly staff members have
 - o Standard First Aid and CPR and/or basic Wilderness First Aid
 - o Comprehensive staff training that includes group leadership and risk management
- The Yamnuska section provides campers (first time or graduating from the Chiniquay program) a chance to develop their skills, knowledge and comfort level while minimizing the time away from home.
- The Yamnuska program is designed to be an introduction to overnight camping. Groups will have a chance to participate in some of our many camp activities.
- Each year campers can expect to review/learn new skills and leadership strategies. Yamnuska campers learn their role in risk management, safe cook site practices, communicating with tipi mates, and develop their self-confidence.

Read the **Yamnuska packing list**.

YAMNUSKA – 10-11Y

Campers in this program are expected to share personal goals and develop group goals for their in-camp activities as well as their day hike and overnight camping experience.

Overnight camping trip:

- Before leaving, groups discuss goals and risk management topics such as wildlife concerns and common camping practices.

Building healthy communities

YMCA Calgary

Camp Chief Hector YMCA Summer Camp

- Campers will set out, after dinner, from Hector lodge on a short hike to their camping site. They will stay in either a 3-walled shelter or a tent.
- The next day, groups go on a full-day hike with a picnic lunch.

YAMNUSKA – 12-13Y

This program builds on the previous year of Yamnuska (10-11Y) but new campers can join in the fun! Campers in this program share personal goals and develop group goals for their in-camp activities, their day hike and their overnight camping experience.

Overnight camping trip:

- Before leaving, groups discuss goals and risk management topics such as wildlife concerns and common camping practices.
- Campers will depart after breakfast from Hector lodge for a day hike to their camping site. They will stay in either a 3-walled shelter or a tent.
